The new way to pay for IVF

Gaia at IVF London

**Pay monthly if you have a child,
Pay a fraction if you don't**

How it works

1

We design a plan for up to 6 rounds*

2

Pay us an insurance premium before each round

3

We pay the clinic

4

Pay us back monthly, only if and when you have a child

*A round is a Fresh IVF cycle or a Frozen Embryo Transfer

1. All medications are included

We fix the cost of medication in advance.

2. No bulk upfront costs, no refund

Pay back monthly, when you have a child. If you don't, pay no more.

3. Only pay for the rounds you use

Pay back the rounds you incurred. With multi-cycle packages you pay for a fixed number of rounds upfront.
